Introducing the iProcureNet Toolbox

Welcome!

What is the Toolbox about?

Practical **framework** & **tools** supporting the European Network+Community of **public security procurement agencies** and departments in sharing:

- (1) Technical needs/knowledge/legal matters/ logistics processes/ obstacles
- (2) The identification of instruments in addition to PCP and PPI, to become more active in buying innovative security services, goods and solutions

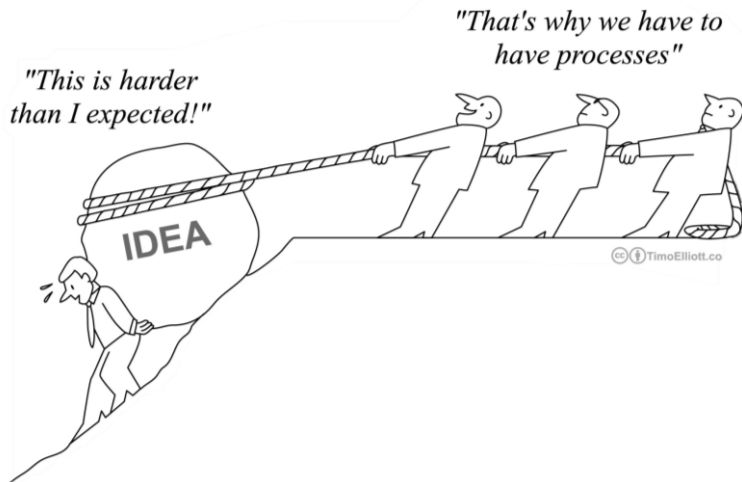

What will the Toolbox include?

- ✓ Methodology, guidelines and knowledge base to **procure jointly** in the **security** sector
- ✓ **Guides** and information on **legal**, **practical** and **financial** issues that need to be taken in account
- ✓ Foundation for setting up a group of **countries** which, using the Toolbox, will be ready to **procure** after founding a **common ground basis** – the European Buyers Group
